

## Rubber Mains Distribution

### MD4Rs-1

#### Description

Three-phase mains distribution unit for use on any temporary electrical installation. Equipment housed in a solid cast rubber spider enclosure, with integrated transparent Modular window protected Switchgear, fixed carry handle and rising feet for ease of stacking. Inlet on a rated flying H07RN-F lead to aid connection to generator or distribution board.

#### Enclosure

Self extinguishing, fully insulated, hard butyl rubber. Resistant to atmospherics and chemical agents. IP55 Rated.
