

# Information Sheet for MD42Spider

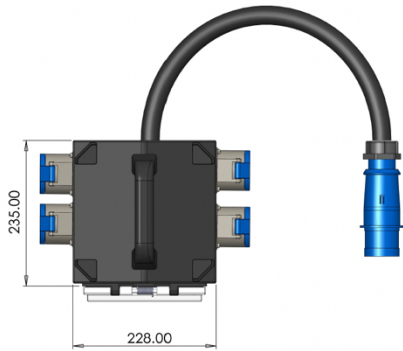

## MD42 Spider Product Description

32a Single-phase mains distribution unit for use on any temporary electrical installation. Equipment housed in a solid cast rubber spider enclosure, with integrated transparent MOD window protected switchgear, fixed carry handle and rising feet for ease of stacking.

Inlet on a rated flying H07RN-F lead to aid connection to generator or distribution board.

## Technical Information

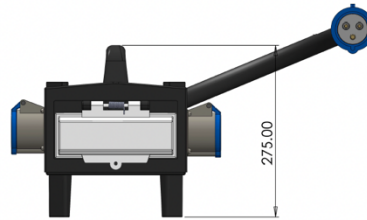

### Specification

**32A 1PH Rubber Event Distribution**  
**In-**  
 32/1 Plug inlet  
 Protected by 2 pole 30mA RCBO  
**Out-**  
 4x 16/1 Panel sockets  
 Protected by 2pole MCBs

### Notes

Switchgear-ABB  
 Sockets-Mennekes

### Product Socket Configuration

Inlet	Phase	Protection	Earth Leakage	IP Rating
32A	3	63A 2Pole 30mA RCBO	n/a	67
Outgoing	Phase	Protection	Quantity	IP Rating
16A	3	4 x 16A MCB	4	67

### Other Features and Mechanical Information

Phase Indication	Power Indication	Lifting	Frame
Enclosure	Overall IP Rating	Size HxWxD(mm)	Weight (kg)
Power Monitoring	Warranty	300 x 400 x 350	6
	12 months
